

now available at G2
Fireco

the *leading* distributor of electronic fire products

A Uniquely Simple Solution...

Dorgard is a wireless fire door retainer which allows you to hold your fire doors open at any angle and automatically closes on the sound of the alarm, preventing the spread of fire.

Dorgard enables you legally and safely to keep fire doors open by allowing the door to close when the fire alarm sounds, preventing the spread of fire and smoke.

Installed onto the bottom of the fire door in under 5 minutes, Dorgard is listening for a continuous fire alarm for 14 seconds or more.

Benefits

- Keeps fire doors open at any angle **
- Makes delivering goods faster and safer **
- Wireless technology - no costly hard wiring required! **
- Removes risk of injury from closing fire doors **
- Enables greater access throughout the building **

To manually release:

*Push door away from you or
kick black knob towards door.*

**QUICK
AND
EASY**
