

## FireCell Wireless Survey Kit

Signal Surveyor

Device  
Survey  
Tool

4x Poles

The FireCell Wireless Survey Kit is powerful yet easy to use, providing valuable information needed for both installers and service providers.

With simple but highly intuitive controls, making it easy to use and complete either a wireless integrity test in minutes or a more detailed survey for installation purposes, the red and green indicators give instant information on the signal strength with an LED screen providing detailed signal levels.

The survey kit comprises of the Signal Surveyor as well as the Device Survey Tool which is placed in each device location to confirm the signal is satisfactory. In addition extension poles are included for ceiling mounted device locations and the entire kit is supplied in a robust case for easy storage and transportation.

### Key Features

- Dual band 868MHz operation
- Easy operation
- Supplied with step by step instructions
- Third party certified to R&TTE & EN60950-1
