RB104A

## Relay board for GST104A

Description

The relay board for conventional panel, provides additional signal outputs foe zonal fire and fault conditions. In case of fire or fault occurs in any zone, the corresponding relay will be activated, so that the conventional system can be integrated to 3rd party system.

Features

- Compatible panel: GST104A
- Output mode: normally open dry contact
- Output capacity: 3A/24VDC/125VAC
- Standards: CE / CPD / EN54-2 / EN54-4
- Certifications: LPCB
- BS5839-1 compliant
- WEEE & RoHS compliant

Order information

	RB104A
Part No.	RB104A
Device name	Relay board
Order code	3711883
